

CUAC Policy

Competitions

CUAC will arrange competition entries and transport for the following competitions:

- Varsity
- Fresher's Varsity
- Varsity Field Events and Relays (VFEAR)
- Cambridgeshire County Championships
- RAF invitational match (indoors and outdoors)
- London Indoor Games
- BUCS (indoors and outdoors)

CUAC will pay entry fee only for the following competitions:

- SEAA Indoor Championships
- Birmingham Indoor Games
- SESSA Championships

For each of the above competitions it is assumed that you will compete for CUAC and will wear the official CUAC vest. Online membership forms must have been completed and membership fees must have been paid to make you eligible to compete for CUAC.

If you need to withdraw from an event due to injury, please let your captain know immediately. Failure to attend an event usually results in the club being issued a fine. Such fines, or those issued as a result of poor athlete behaviour will be passed directly to the athlete concerned.

In some special circumstances, CUAC may pay for additional competitions and/or transport, if it is deemed that it would be beneficial in the build up to a Varsity/Achilles match. For more information or to make a request, please contact the Honorary Secretary in the first instance.

Physiotherapy

CUAC has a small portion of the budget set aside to assist athletes with physiotherapy costs. CUAC will endeavour to provide 50% of the fees paid by an athlete for therapy, subject to availability. Applications for subsidies should be made directly to the president.

A list of recommended physios can be found at
<http://www.cuhh.org.uk/linksandresources/physios.php>:

Indoor Training

Where additional indoor sessions are required by an event group, the club will endeavour to pay transport costs (but not the training costs) of such trips. Interested squad leaders and athletes should contact the President prior to arranging such sessions.
